

DEER PARK
Saturday, April 9, 2011
Totally Texas Festival
Jimmy Burke Activity Center
Check-In begins @ 9:00
Walk begins @ 9:30

Cystic Fibrosis (cf) is a life-threatening genetic disease that affects the lungs and digestive system. More than 10 million Americans are symptomless carriers of the defective cf gene. Help the Cystic Fibrosis Foundation continue our quest to find a cure. Working together, we can continue to add tomorrows every day to the lives of all people with CF!

Register today at <http://greatstrides.cff.org>. By registering online, you will get a personal Web page where you can add photos, invite walkers to your team, request donations and track your team's fund-raising progress.

Raise \$100 and receive a CF Team T-Shirt
Raise pledges and receive prizes for your efforts!

Please join us for the 9th annual Deer Park Great Strides Walk to benefit the Cystic Fibrosis Foundation!

**For more information please visit: www.cff.org
or call Dorrie Spain at 281-658-3889.**

With your help, we can make CF stand for "Cure Found!"
